4th Edition 2013

FOREWORD

This, the fourth edition of the Federation of International Touch Playing Rules is the direct result of the hard work and dedication of the 2010 and 2012 Playing Rules Sub Committees. In updating and compiling the latest edition of the Playing Rules these committees also received support and assistance from many quarters of the sport. The rules subcommittee members were

2010: Lou Tompkins, Darrin Sykes, Paula Wanakore, Peter Faassen de Heer and Tony Trad

2012: Lou Tompkins, Darrin Sykes and Peter Faassen de Heer

These committees have signed off on Version 4 of the Playing Rules, confident in the fact that these rules will meet the changing nature of the game. We thank you all for your perseverance and commitment to this task.

Rule changes and variations emanate from all facets of the game and no one individual alone has contributed to this edition for it has been a team approach. However in saying that, there has been one person who, over many years not only has contributed to the rules but also all aspects of Touch internationally. It is with this in mind that the Federation of International Touch wishes to dedicate the Fourth Edition of the Playing Rules Book to the late Dennis Coffey.

Dennis, the international Touch community will miss your dedication, enthusiasm and willingness to be always available to assist any member of the International Touch community to share your extensive knowledge and technical expertise.

You will be forever remembered for your unwavering dedication and enthusiasm for the sport and for your very successful initiatives to raise the playing and operational standards in experienced countries, but especially to spread your enthusiasm for the sport worldwide.

The ball may be passed, knocked or handed between Onside players of the attacking team who may in turn run or otherwise move with the ball in an attempt to gain territorial Advantage and score. Kicking the ball is not allowed. Defending players prevent the attacking team from gaining a territorial Advantage by touching the ball carrier. Either defending or attacking players may initiate Touches. After a Touch, play stops and is restarted with a Rollball, unless other rules apply.
- 4.3 Duration. A match is forty-five (45) minutes duration, consisting of two (2) twenty (20) minute halves. There is a five (5) minute halftime break. Tournament conditions may vary the duration.

- 4.7 Scoring attempt short of the Scoreline. If a player places the ball on the ground and releases it short of the Scoreline, while attempting to score a Touchdown, a Touch is counted and the player is required to Rollball to restart play at the position of contact with the ground. However a Touchdown results if an unTouched player (other than the Half) slides the ball along the ground to or beyond the Scoreline. If a player does not release the ball from his/her hands, no Touch is counted and the match continues.
- 4.8 Winner. At the End of Play the team that has scored the most Touchdowns is declared the winner. In the event of neither team scoring, or in the event of both teams scoring the same number of Touchdowns, a draw is declared.
- 4.9 The Drop Off. Should a winner be required in drawn matches after the End of Play, the following "Drop Off" procedure is used to determine a winner:

- 4.9.1 Each team will reduce their playing strength by one and within sixty (60) seconds take up a position to restart play from the Halfway Line in the same direction as the team was at End of Play.
- 4.9.2 Once a player has been removed, the game continues with a Tap from the centre of the Halfway Line by the team who won the toss at the commencement of the game.
- 4.9.3 Substitution during the Drop Off is permitted in accordance with normal Interchange rules.
- 4.9.4 Should no winner be declared at the expiration of two minutes a siren or hooter is sounded and the game will cease at the next Dead Ball. Each team will then Drop Off another player.
- 4.9.5 Play will recommence immediately after the players have left the field at the same place where it ceased (i.e. the team retains Possession at the designated number of Touches, or at Change of Possession due to some Infringement or the sixth Touch).
- 4.9.6 The clock does not stop when the hooter sounds at the two minute intervals and there is no time off during the Drop Off.
- 4.9.7 At the next two minute period a final signal for another player to Drop Off will be sounded.
- 4.9.8 Once a team has been reduced to three players no further Drop Off of players will occur and the match will continue until a Touchdown is scored. Should a player be dismissed, either for a period of time or for the remainder of the match when teams have only three players, the game is be abandoned and the non-offending team will be the winner.
- 4.9.9 During the Drop Off procedure once each team has had Possession the team to first score will be the winner. Should a team score in the first Possession following commencement of the Drop Off, the Touchdown counts and the other team recommences with a restart until a Change of Possession occurs. Should that team also score then following the next restart the first team to score will be the winner.
- 4.9.10 The decision on which player will Drop Off is a team decision.
- 4.9.11 Mixed Gender Teams can Drop Off in any sequence provided:
 - 4.9.11.1 There is a minimum of one (1) male and one (1) female on the field at all times; and

- 9.1 Method. The Rollball must be performed correctly. The attacking player is to position on the Mark, face the opponent's (defending) Scoreline, stand parallel to the Sidelines, place the ball on the ground between the feet in a controlled manner and either step Forward over the ball, or roll the ball back no more than one (1) metre. There is no requirement for the ball to be picked up to perform the Rollball.
- 9.2 The Mark. The Mark for the Rollball is either where the Touch occurred (refer to Rule 10.2), where the ball goes to ground, five (5) metres infield from the Sideline or at a position indicated by the Referee.
- 9.3 Timing. The Rollball must be performed without delay.
- 9.4 When Required. A player is to perform a Rollball under the following circumstances:
- 9.4.1 When a Touch has been made;
 - 9.4.2 When Possession changes following the sixth Touch;
 - 9.4.3 When Possession changes due to the ball being dropped to the ground or being knocked-Forward or backward (refer to Rule 7.5);
 - 9.4.4 When Possession changes due to an Infringement by an attacking player at a Penalty, a Tap or a Rollball;
 - 9.4.5 When Possession changes after the Half is Touched or when the Half places the ball on or over the Scoreline;
 - 9.4.6 When Possession changes due to a player in Possession touching the Sideline, Dead Ball Line or any ground outside the Field of Play before a Touch is made; or
 - 9.4.7 When so directed by the Referee.
- 9.5 Voluntary Rollball. A player must not perform a Rollball unless a Touch has been made or unless directed to do so by the Referee.
- 9.6 Attacking Players at Rollball. Any other attacking player may receive the ball at the Rollball. That player becomes the Half and may roll the ball towards herself/himself with the hands or control the ball with a foot prior to picking up the ball, provided the ball is not dropped, knocked Forward or travels more than one (1) metre. The Half must not delay making contact with the ball.
- 9.7 The Half. The Half may Pass or run with the ball. However, if the Half is Touched, the team loses Possession. A player ceases to be the Half once the ball is passed to another player.
- 9.8 Defending Players at Rollball. Defending players are not to interfere with the player in Possession or otherwise prevent the performance of the Rollball. All players of the defending team are to retire towards their Defending

Scoreline, a distance of not less than five (5) metres from the Mark for a Rollball. Players of the defending team must not move Forward of the Offside position until the Half has made contact with the ball or unless directed to do so by the Referee (refer to Rule 13.2.1).

- 9.9 Actions without Half in Position. When the Half is not in position to retrieve the ball following a Rollball, players of the defending team may move Forward as soon as the player in Possession releases the ball. When the ball is on the Mark and the attacking player steps over it, the defending team may move Forward of their five (5) metre positions as soon as the attacking player's foot or body passes over the ball.
- 9.10 Gaining Possession. When no Half is in position behind the player in Possession at a Rollball and a defending player moves Forward and makes contact with the ball, a Change of Possession results and the match recommences with a Rollball at the same Mark.

Rule 9 RULINGS

9.A A breach of Rule 9.1 will result in a Change of Possession at the Mark where the Rollball should have been performed.

9.B A breach of Rule 9.2 or 9.3 will result in a Penalty awarded to the non-offending team at the Mark where the Rollball should have been performed.

9.C A breach of Rule 9.5 will result in a Penalty awarded to the non-offending team at the Mark where the Rollball was performed.

9.D A breach of Rule 9.8 will result in a Penalty awarded to the attacking team five (5) metres Forward of the Mark for the Rollball.

9.E A player who performs a Tap instead of a Rollball will lose Possession and the other team will recommence the game with a Rollball at the Mark.

9.F A breach of Rule 9.6 where the Half delays making contact with the ball will result in a Penalty to the non-offending team at the Mark where the Rollball was performed.

RULE 10 – The Touch

- 10.1 General. A Touch is legitimate and minimal contact between a player in Possession and a defending player. A Touch includes contact on the ball, hair or clothing and may be made by a defending player or by the player in Possession.
- 10.2 Touch Mark. The location of the Touch Mark is the position on the Field of Play where the player in Possession was at the time the Touch was made.
- 10.3 Minimum Force. Players of both defending and attacking teams are to use the minimum force necessary to make a Touch. Players must ensure that the method employed in making a Touch does not pose an unnecessary risk to player safety.
- 10.4 Ball Dead. Once a Touch is made the ball is deemed to be out of play until a Rollball is performed. Possession does not change if a player drops the ball following a Touch and before a Rollball.
- 10.5 Ball Accidentally knocked from Hands. If the ball is accidentally knocked from the hands of a player in Possession during a Touch, the Touch counts. The player retains Possession, may re-gather the ball and then perform the Rollball. The Touch Count continues, unless it is the sixth Touch when a Change of Possession will occur.
- 10.6 Ball Deliberately knocked from Hands. A defending player must not deliberately knock the ball from the hands of a player in Possession during a Touch.
- 10.7 Running on after a Touch. After a Touch has been made the player in Possession is required to stop, return to the Mark where the Touch occurred if the Mark has been over-run, and then perform a Rollball without delay. Players are not to run on or play on after a deliberate Touch has been made.
- 10.8 Late Pass. A player is not to pass or otherwise deliver the ball after a Touch has been made.
- 10.9 Claimed Touch. A player must not claim a Touch unless contact has been made in accordance with Rule 10.1. A player must not claim a Touch prior to contact being made.
- 10.10 Simultaneous Touch. If the Referee is unable to distinguish between a pass before a Touch and a pass after a Touch (Late Pass) and provided the ball does not go to ground, the Touch counts as a simultaneous Touch and a Rollball is required, unless it is the sixth Touch when a Change of Possession will occur.

- 10.11 Touched while Attempting Score. If a player places the ball on the ground on or over the Scoreline at the same time that a Touch is made, the Touch counts and a Touchdown is not awarded.
- 10.12 Touched beyond Scoreline. If a Touch is made on or over the Scoreline before the ball is grounded, the player in Possession is to move from that point towards the team's Defending Scoreline, to a position five (5) metres from the team's Attacking Scoreline and perform a Rollball, provided it is not the sixth Touch. If the Touched player is the Half, Rule 9.7 applies, Possession changes and the game recommences with a Rollball at the same position.
- 10.13 Touched behind Defending Scoreline. If a player in Possession is Touched while on or behind their defending Scoreline, the Touch counts and play is restarted with a Rollball five (5) metres infield from where the player in Possession was Touched.
- 10.14 Touch on Offside Defender. Should a player in Possession make a Touch on an Offside defender who is making every effort to retire and remain out of play, the Touch is to count. If the player in Possession is the Half, a Change of Possession results in accordance with Rule 9.7.
- 10.15 Touch on player juggling the ball. Should a Touch be made on a player in Possession while the ball is not physically in the hands of that player (e.g., while juggling the ball and trying to maintain control of it), the Touch is to count.

Rule 10 RULINGS

10.A A breach of Rule 10.3, 10.6, 10.7, 10.8 or 10.9 will result in a Penalty awarded to the non-offending team at the Mark where the offence occurred.

10.B Where the Referee is unsure as to whether a Touch is made (i.e., unsighted) he/she is to acknowledge any claimed Touch.

RULE 11 – Actions On or Near Boundary Lines

- 11.1 On or Over Sideline or Dead Ball Line. The Field of Play boundary lines are deemed to be out of play. Play becomes dead when the ball or a player in Possession Touches the ground on or over a Sideline or Dead Ball Line.
- 11.2 Touched Before Crossing Sideline. If a player in Possession is Touched prior to crossing the Sideline, even if the defender is outside the Field of Play, then the Touch counts and play continues with a Rollball at the Mark where the Touch occurred.
- 11.3 Rollball near Defending Scoreline. An attacking team is not required to Rollball within five (5) metres of their defending Scoreline. After a Touch the player in Possession may move Forward to the five (5) metre broken line to perform a Rollball.
- 11.4 Rollball near Attacking Scoreline. When a Touch is made within five (5) metres of the attacking Scoreline, a player in Possession may move directly behind the Mark a distance of up to five (5) metres to the broken line to perform a Rollball.
- 11.5 Actions near the Scoreline.
 - 11.5.1 Defenders may choose to remain on their own Scoreline if the player in Possession is on or within the five (5) metre broken line.
 - 11.5.2 When the player in Possession is beyond the five (5) metre broken line, all defenders must move Forward in an attempt to make a Touch and must continue to do so until a Touch is made or a Touch is imminent.
- 11.6 Withdrawing from Making a Touch. Defenders are not permitted to deliberately withdraw from making a Touch when Rule 11.5.2 applies.
- 11.7 Repeated Infringements. If the defending team is consecutively penalized (i.e. twice in the same Possession) under Rule 11.5, for not moving Forward, then the defending team will be required to remove one player from the Field of Play. That player is to return to the Interchange Area and cannot return or be substituted until that defending team subsequently gains Possession.

Rule 11 RULINGS

11.A Provided no other Rule breaches were committed, when Rule 11.1 is breached, play recommences with a Rollball by the defending team five (5) metres infield from where the Sideline was Touched or crossed, or on the five (5) metre dotted line if the Dead Ball Line was Touched or crossed.

11.B A breach of Rule 11.5 will result in a Penalty awarded to the non-offending team at the Mark (see Rule 15.3).

11.C A breach of Rule 11.6 will result in a Penalty awarded to the non-offending team at a Mark where the offence occurred.

11.D A breach of Rule 11.7 will result in removal of the player nearest the breach and a Penalty awarded to the non-offending team at the Mark.

RULE 12 – Ball Touched in Flight

- 12.1 Intentional Contact by Defender. If the ball goes to ground following a defender's attempt to gain Possession, the attacking team retains the ball and the Touch Count restarts. This also applies if the defending player deliberately knocks the ball to the ground. The Mark where the Rollball occurs is where the ball first pitches or where the defender Touched the ball, whichever is of best Advantage to the attacking team.
- 12.2 Intentional Contact but not to Ground. If a defending player Touches the ball in flight and the ball is retrieved by an attacking player, play continues and the Touch Count restarts at the next Touch (“Six Again”).
- 12.3 Intentional Contact and Touched again by Attacker. If an attacking player attempts to gather the ball after intentional contact by a defender and the ball then goes to ground, the attacking team retains Possession and the Touch Count restarts as per Rule 12.1 provided the Referee decides that the intentional contact or deflection was the cause of the ball going to ground.
- 12.4 Unintentional Contact and Ball to Ground. If the ball rebounds from a defending player who has not made an attempt to retrieve the ball and the ball goes to ground, a Change of Possession results and play restarts with a Rollball where the ball first pitches or where the ball rebounded from the defender, whichever is of best Advantage to the team gaining Possession.
- 12.5 Unintentional Contact but not to Ground. If the ball rebounds from a defending player who has not made an attempt to retrieve the ball and the ball is regained by an attacking player, play continues and the Touch Count continues.
- 12.6 Score after Contact by Defending Player. If the ball is recovered by an attacking player (including the former Half), after it has been Touched in flight by a defender, and that attacking player places the ball down in the attacking Touchdown Area, a Touchdown is awarded.

Rule 12 RULING

12.A Provided no other Rule breaches were committed, Rulings apply as detailed in 12.1 to 12.6 above.

RULE 13 – Offside

- 13.1 Offside by Attacker. A player in the attacking team is Offside, ineffective and liable to Penalty whenever that player is Forward of the player in Possession. Offside attacking players must return to an Onside position as quickly as possible and are not to become involved in play until they do so. Refer to Rule 1 – Definitions and Terminology.
- 13.2 Offside by Defender. A player of the defending team who is Offside must return as quickly as possible to an Onside position:
 - 13.2.1 At a Rollball, when the player retires a minimum of five (5) metres as indicated by the Referee or to the Defending Scoreline (refer to Rule 9.8); and
 - 13.2.2 At a Tap, when the player retires a minimum of ten (10) metres from the Mark or to the Defending Scoreline as indicated by the Referee.
- 13.3 Defending Near Scoreline. To be Onside when a Rollball occurs within five (5) metres, or a Penalty Tap within ten (10) metres of that player's Defending Scoreline, a defending player must have:
 - 13.3.1 Both feet on or behind the Defending Scoreline; and
 - 13.3.2 No other part of the body in contact with the ground in front of the Defending Scoreline.
- 13.4 Retiring Line of Defender. When retiring to an Onside position after a Touch has been made, each defender must retain a consistent retiring line until an Onside position is achieved in accordance with Rule 13.2 or Rule 13.3 above.

Rule 13 RULINGS

- 13.A A breach of Rule 13.1 results in a Change of Possession and play recommences with a Rollball by the non-offending team at the Mark when the Infringement occurred.

Rule 13 RULINGS (cont.)

13.B A breach of Rule 13.2 will result in a Penalty to be awarded to the attacking team along a line nearest the Infringement and either five metres Forward of the Rollball Mark, or ten metres Forward of the Tap Penalty Mark according to which of these two situations the breach related. If the offence occurred on or within the five (5) metre line, the Penalty Mark shall be awarded on that line.

13.C A breach of Rule 13.3 will result in a Penalty awarded to the attacking team on the five (5) metre dotted line near where the offence occurred.

13.D A breach of Rule 13.4 will result in a Penalty to be awarded to the attacking team. The Mark for the Penalty is to be on a line either five (5) metres Forward of the Rollball Mark, or ten (10) metres Forward of the Penalty Tap Mark depending on whether the breach was at a Rollball or a Penalty Tap. Where the breach occurred at a Rollball set on or within five (5) metres of the Scoreline, or at a Tap set on the five (5) metre line, the Mark for the Penalty for the breach is to be on the five (5) metre line.

RULE 14 – Obstruction

- 14.1 Player in Possession. A player in Possession must not run or otherwise move behind other attacking players or the Referee in an attempt to avoid a Touch or gain an unfair Advantage.
- 14.2 Players in Support. An attacking player in support of the player in Possession may move as necessary to achieve a supporting position and must not grab, hold, push or vary their position to deliberately interfere with a defending player attempting to make a Touch. An attacking support player may move behind the player in Possession.
- 14.3 Involuntary Obstruction. Should a supporting, attacking player cause an apparent and involuntary or accidental obstruction and the player in Possession ceases evasion to allow a Touch to be made, the Touch is to count and no Penalty is applied.
- 14.4 Defending Team. Players in the defending team may follow, “mirror” or “shadow” supporting attacking players without contact but are not to obstruct or otherwise interfere with attacking players supporting the player in Possession.
- 14.5 Obstruction at Rollball. A defending player must not interfere with the actions of the Half at or following a Rollball (Refer to Rules 9.8 and 13.2.1).
- 14.6 Referee Obstruction. If the Referee causes obstruction on either an attacking player or a defending player, play should cease and recommence with a Rollball at the Mark where the interference occurred. The Touch Count does not change.

Rule 14 RULINGS

14.A A breach of Rule 14.1, 14.2 and 14.4 will result in a Penalty awarded to the non-offending team at the Mark where the offence occurred.

14.B A breach of Rule 14.5 will result in a Penalty awarded to the non-offending team five (5) metres Forward of the Rollball Mark where the offence occurred.

RULE 15 – Penalty

- 15.1 General. When a Penalty is awarded for an Infringement a Penalty Tap is taken by the non-offending team to recommence play. The Penalty Tap is the same as the Tap used to commence or recommence play at the beginning of the game, at half-time and after a Touchdown is scored. All players should be Onside when a Penalty Tap is taken (refer to Rules 13.2.2 and 13.3).
- 15.2 Method. The Tap is taken by placing the ball on the ground at or behind the Mark, releasing both hands from the ball, tapping the ball gently with either foot or touching the foot on the ball. The ball must not roll or move more than one (1) metre and must be retrieved cleanly without touching the ground again. The player may face any direction. Provided it is at or not more than ten (10) metres behind the Mark, the ball does not have to be lifted from the ground prior to a Tap being taken.
- 15.3 The Mark. The Mark for the Penalty Tap is where the Infringement occurs unless indicated otherwise in other Rules, and is at the Mark indicated by the Referee. For Infringements that occur within five (5) metres of the Scoreline, the Mark is on the five (5) metre dotted line nearest the Infringement. For Infringements that occur beyond the Field of Play or in the Touchdown Area the Mark is five (5) metres infield from the Sideline, on the five (5) metre dotted line nearest the Infringement or at a position indicated by the Referee. Defending players must remain ten (10) metres from the Mark or on or behind the Scoreline, whichever is the closest, until the Tap is taken (refer to Rules 13.2.2 and 13.3).
- 15.4 Timing. The Penalty Tap must be performed without delay after the Referee indicates the Mark. The Mark should be indicated before a Penalty Tap is taken. However if a player in Possession is positioned at the correct Mark for the Penalty Tap prior to the Mark being indicated, and the Referee acknowledges an indication by the player, and providing all attacking players are Onside, the player may take a quick Penalty Tap to gain an Advantage. Advantage also applies to the play following a quick Penalty Tap, particularly with regards to Offside defending players.
- 15.5 Rollball instead of Tap. A player may perform a Rollball instead of a Penalty Tap. The player who receives the ball does not become the Half.
- 15.6 Penalty Touchdown. A Penalty Touchdown is awarded if any action by a player, team official or spectator, deemed by the Referee to be contrary to the rules or spirit of the game clearly prevents the attacking team from scoring a Touchdown.

Rule 15 RULINGS

15.A A breach of Rule 15.1 by the defending team will result in a Penalty awarded to the attacking team ten (10) metres Forward of the original Tap Mark, in line with the Infringement (refer to Ruling 13.B).

15.B A breach of Rule 15.1, 15.2 or 15.3 by the attacking team will result in a Change of Possession with a Rollball at the Mark to recommence play.

15.C The Mark for an Offside Penalty under Rule 15.3 is nearest the Infringement along a line either five (5) metres Forward of the Mark for Offside at a Rollball or ten (10) metres Forward for Offside at a Penalty, where the offending defending player should have been to be Onside.

15.D Delay in a Change of Possession by a defending player will result in a Penalty awarded to the attacking team ten (10) metres Forward of the Mark for the Change of Possession.

15.E Obstruction by a defending player at a Rollball will result in a Penalty awarded to the non-offending team five (5) metres Forward of the Rollball Mark where the offence occurred. Refer to Rule 14.5.

15.F A breach of Rule 15.4 by the player taking a Tap delaying play will result in a change of possession awarded to the non-offending team at the Mark where the original Tap was performed.

RULE 16 – Advantage

- 16.1 General. The principle of Advantage applies at all times providing some Advantage is readily obvious to a non-offending team. Advantage must be clear and takes precedence over other Rules.
- 16.2 Application. When Advantage is applied a team is given the opportunity to exploit an Advantage in accordance with other Rules. If an Advantage cannot be applied play will cease for an Infringement Ruling or other action. Once an Advantage has been exploited play continues.
- 16.3 Advantage Type. Advantage is normally realized by a team through position in the Field of Play or through Possession however there may be another Advantage, either tactically or in the form of a Touchdown.
- 16.4 Subsequent Infringement. Should a team exploiting an Advantage subsequent infringe, the Ruling on the initial Infringement is to apply.
- 16.5 Where a defending team player is Offside at a Tap or Rollball and attempts to interfere with play, the Referee should allow for Advantage or award a Penalty, whichever is of greater Advantage to the attacking team. The Referee may only apply the Advantage if he/she has first warned the Offside player or team.

RULE 17 – Discipline and Misconduct

- 17.1 Misconduct. Players and team officials who infringe the Rules of Touch are liable to Penalty or other appropriate action according to the seriousness of the Infringement. Penalties are to be awarded in accordance with applicable Rules and may include Forced Substitution or Dismissal. Misconduct includes:
- 17.1.1 Continuous or regular breaches of the Rules;
 - 17.1.2 Swearing;
 - 17.1.3 Disputing decisions or back-chatting Referees;
 - 17.1.4 Using more than the necessary physical force to make a Touch;
 - 17.1.5 Poor sportsmanship;
 - 17.1.6 Tripping, striking, or otherwise assaulting another player, Referee or other match official; or
 - 17.1.7 Any other action or verbal response that is contrary to the spirit of the game.
- 17.2 Team Captains. Respective team captains are responsible for the conduct of players. Team captains should develop a relationship with Referees and as necessary should be informed of the reason for any Dismissal.
- 17.3 Forced Substitution. A player may be required to undertake a compulsory Interchange for an Infringement ruled more serious than a Penalty but less serious than formal Dismissal. Play continues during a Forced Substitution. Normal Interchange rules apply (see Rule 5.4).
- 17.4 Dismissal. A player or team official may be dismissed from the Field of Play for misconduct as follows:
- 17.4.1 Period of Time. A player dismissed for an offence requiring more than a Penalty or for repeated Infringements is to move from the Field of Play and remain in a position midway along the team's attacking Scoreline and no closer than five (5) metres from the Dead Ball Line. The duration of the Period of Time is at the discretion of the Referee dependent on the nature of the offence. The dismissed player cannot be replaced. Should the Period of Time extend over Half-time the player may return to the Interchange Box for the duration of half-time. On completion of the Period of Time the player must either return to the Interchange Box or enter the Field of Play in an Onside position from a Sideline. Play continues after the dismissed player is allowed to rejoin play.

- 17.4.2 Remainder of Match. A player dismissed after any previous Period of Time Dismissal, or for an offence such as gross misconduct or a dangerous act is to take no further part in that match and is to move to and remain no closer than ten (10) metres from the Interchange Box or Sideline. The dismissed player cannot be replaced and that player shall receive an automatic two (2) match suspension. That player may also incur further Penalty as deemed necessary by the Federation of International Touch Judiciary Committee or the relevant Judiciary Committee of the Affiliated Member Association. The Referee is required to submit Dismissal reports or any other reports required in accordance with the governing regulations of the Federation of International Touch or the Affiliated Member Association.
- 17.4.3 Composition of mixed team following a Dismissal. A coach can vary the composition of his/her mixed team in any combination provided the maximum number of males and minimum number of females is not breached (refer to Rule 5.2).

RULE 18 – Referee and Match Officials

- 18.1 Manner of Appointment. The appointment of all Referees and Referee Support Officials for all International matches sanctioned by the Federation will be made by the Executive of the Federation based on advice from the Federation Referee Commission.
- 18.2 The Referee. The Referee is the sole judge on matters of fact during play and is required to adjudicate on the Rules of the game. The Referee may impose any sanction necessary to control the match and in particular, award Touchdowns and record the progressive score, maintain a count of Touches during each Possession, and award Penalties for Infringements against the Rules.
- 18.3 Sanction Continuum. The Referee has for use the scale of sanctions from a simple warning to a Dismissal for the Remainder of the Match. The Referee should apply a sanction befitting the breach or Infringement.
- 18.4 Authority of Referee. Players, coaches and officials of both teams are under the control of the officiating Referees.
- 18.5 Area of Control. The playing area under the control of the Referee extends from the boundaries of the Field of Play, to an area which covers all substitute players and team officials involved in the particular match.
- 18.6 Team captains may request reasons for Rulings from the Referee, providing they do so respectfully. Discussion about these explanations is to be brief, polite and must not delay play.
